**STATEMENT OF POLICY IN TREATMENT OF
CUSTOMER PROPRIETARY NETWORK INFORMATION**

1. It is NOS Communications, Inc. (hereafter referred to as "NOS") policy not to use CPNI for any activity other than permitted by law. Any disclosure of CPNI to other parties (such as affiliates, vendors, and agents) occurs only if it is necessary to conduct a legitimate business activity related to the services already provided by the company to the customer. If the Company is not required by law to disclose the CPNI or if the intended use does not fall within one of the carve outs, the Company will first obtain the customer's consent prior to using CPNI.
2. NOS follows industry-standard practices to prevent unauthorized access to CPNI by a person other than the subscriber or NOS. However, NOS cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information. Therefore:
 - A. If an unauthorized disclosure were to occur, NOS shall provide notification of the breach within seven (7) days to the United States Secret Service ("USSS") and the Federal Bureau of Investigation ("FBI").
 - B. NOS shall wait an additional seven (7) days from its government notice prior to notifying the affected customers of the breach.
 - C. Notwithstanding the provisions in subparagraph B above, NOS shall not wait the additional seven (7) days to notify its customers if NOS determines there is an immediate risk of irreparable harm to the customers.
 - D. NOS shall maintain records of discovered breaches for a period of at least two (2) years.
3. All employees will be trained as to when they are, and are not, authorized to use CPNI upon employment with the Company and annually thereafter.
 - A. Specifically, NOS shall prohibit its personnel from releasing CPNI based upon a customer-initiated telephone call except under the following three (3) circumstances:
 1. When the customer has pre-established a password.
 2. When the information requested by the customer is to be sent to the customer's address of record, or
 3. When NOS calls the customer's telephone number of record and discusses the information with the party initially identified by customer when service was initiated.

B. NOS may use CPNI for the following purposes:

- To initiate, render, maintain, repair, bill and collect for services;
 - To protect its property rights; or to protect its subscribers or other carriers from fraudulent, abusive , or the unlawful use of, or subscription to, such services;
 - To provide inbound telemarketing, referral or administrative services to the customer during a customer initiated call and with the customer's informed consent.
 - To market additional services to customers that are within the same categories of service to which the customer already subscribes;
 - To market services formerly known as adjunct-to-basic services; and
 - To market additional services to customers with the receipt of informed consent via the use of opt-in or opt-out, as applicable.
4. Prior to allowing access to Customers' individually identifiable CPNI to NOSs' joint venturers or independent contractors, NOS will require, in order to safeguard that information, their entry into both confidentiality agreements that ensure compliance with this Statement and shall obtain opt-in consent from a customer prior to disclosing the information. In addition, NOS requires all outside Dealers and Agents to acknowledge and certify that they may only use CPNI for the purpose for which that information has been provided.
5. NOS requires express written authorization from the customer prior to dispensing CPNI to new carriers, except as otherwise required by law.
6. NOS does not market, share or otherwise sell CPNI information to any third party.
7. NOS maintains a record of its own and its affiliates' sales and marketing campaigns that use NOSs' customers' CPNI. The record will include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign.

A. Prior commencement of a sales or marketing campaign that utilizes CPNI, NOS establishes the status of a customer's CPNI approval. The following sets forth the procedure followed by NOS.

- Prior to any solicitation for customer approval, NOS will notify customers of their right to restrict the use of, disclosure of, and access to their CPNI.
- NOS will use opt-in approval for any instance in which NOS must obtain customer approval prior to using, disclosing, or permitting access to CPNI.
- A customer's approval or disapproval remains in effect until the customer revokes or limits such approval or disapproval.
- Records of approvals are maintained for at least one year.

ANNUAL 47 C.F.R. S: 64.2009 (e) CPNI CERTIFICATION FOR 2011
EB Docket 06-36

Date Filed: January 28, 2011
Name of Company: NOS Communications, Inc.
Form 499 Filer ID: 809092
Name of Signatory: Joseph T. Koppy
Title of Signatory: CEO

I, Joseph T. Koppy, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. &64.2001 *et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et. seq.* of the Commission's rules.

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year. The steps the company has taken to protect CPNI include updating its CPNI practices and procedures and conducting new training designed to ensure compliance with the FCC's modified CPNI rules.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI
